The **BD-125** PORTABLE WET DIAMOND POLISHER by Barranca/MK Diamond

This is one of the best equipment items to come on the market in the last few years. The equipment consists of a variable speed right angle grinder with a specially adapted water injection head, the water is injected in the center of the shaft. The other innovation is a set of diamond impregnated resin discs held on to the head with velcro. Disc change takes seconds!!! I use one of these myself and love it. I am still using most of my original discs 8 years later.

Complete Kit comes With:

- 1 - Wet Electric Polisher with plug-in G.F.I., 115 VAC
- 1 - Set of 10 - 4" Diamond Resin Pads, 30 to 13,000 Mesh
- 1 - 4" Rubber Velcro Backer
- 1 - 4" Coarse Brazed Diamond Hard Wheel
- 1 - 4" Flat Surfacing Hard Wheel
- 1 - Set of Wrenches
- 1 - Carry Case and Instruction set

The BD-125 Wet Diamond Grinder/
Sander/Polisher Kit
