### 4" TRIM (FACETERS) SAW by AMERITOOOL

The Ameritool 4" Trim Saw is the perfect tool for trimming glass, cabochons pre-forms and valuable faceting materials. The large table has

no inhibiting lip, making it easy to trim oversized slabs. The guard can be raised to accommodate oversized slabs. The housing is made of durable polyethylene. The variable speed ¼ Hp. Direct drive motor, 115 VAC, runs fast enough to se ultra thin blades and powerful enough for up to 5" sintered diamond blades. Uses water based lubricants. Removable table top makes for easy clean-up.
