### The OTHER Lake Superior Agates

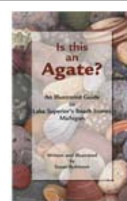

By John D. Marshall, 173 pages, Full color - Softcover  
Did you know that there are many different types of Lake Superior agates besides the fortified banded ones. There are eye, tube, moss, paint, sagenite, water level, etc. John covers all of these and more. FANTASTIC colored photographs!!!

MLS Part #: 900120 Price: \$42.95

### Is This an AGATE?

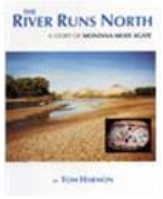

By Susan Robinson, 23 pages, Full color - Softcover  
Susan writes and illustrates this book. It answers that basic question of what a Lake Superior Agate is! It does this by many excellent full color illustrations. In fact Susan's illustrations are better than most peoples photographs. Copyright 2001.

MLS Part #: 900600 Price: \$8.95

### The River Runs North

By Tom Harmon, 104 pages, Full color - Softcover  
This book provides a history of the MONTANA MOSS AGATE. How were they formed, where are they found? Many great pictures of what I feel is one of the most beautiful agates in the world.

MLS Part #: 900140 Price: \$49.95

### AGATES OF THE OREGON COAST - Pocket Guide

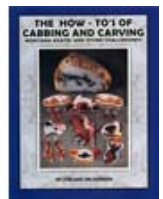

By Myers & Petrovic, 15 pages, Color - Softcover  
Even though it says Oregon, this book is great for identification of agates from non or want-a-be agates. Explains the difference between jaspers and agates. GREAT PICTURES AND DRAWINGS.
