LORTONE COMPACT JEWELER'S METAL BUFFER

Portable buffer for the camper, demonstration or in the workshop. This buffer has a variable speed foot control for a 0 - 5,000 rpm operation. 1/20 horsepower, 115 VAC, motor delivers more power than most small buffers this size. Sturdy metal frame and a Formica base for easy clean-up.

Comes complete with everything needed to get started:

- Bristle brush wheel
- Ring sander mandrel
- Muslin buff wheel
- Cotton buff wheel
- Red rouge polish
- Tripoli polish

MLS # 200100

Price: \$150.00

ARBORS

BUILD YOUR OWN "ARBOR" WITH
LORTONE EQUIPMENT

NS-8L LONG SHAFT ARBOR

NS-8 STANDARD SHAFT ARBOR

LORTONE ARBOR MODEL NS-8
This arbor is heavy duty cast aluminum construction with sealed ball bearings. It has an 8" diameter wheel capacity, 3/4" threaded shaft, plated wheel flanges, stepped pulley for speed changes and has rear or under bench motor mount capability. Build your own custom cab unit by adding splash shields, diamond or silicon carbide drums or wheels and polishing heads. Drive "V" belt included. Standard shaft extends 2 1/2" in length; long shaft extends 8 1/4" in length

Lortone STAINLESS STEEL ARBORS

LORTONE BEAVER ARBORS

Lortone provides the largest selection of arbors on the market today.

Beaver arbors are available in two styles those being the **CLASSIC** and **STAINLESS STEEL**. The **CLASSIC** arbors are constructed of powder coated mild steel. The new line of **STAINLESS STEEL** arbor are constructed of 18-8 stainless steel wetted parts - **NO RUST** under normal usage.

Steady, durable two, four and six wheel arbors with 3/4" threaded shafts are ideal as starter units or complete cabochon machines. Use these arbors to custom build your own machine, using your choice of drum or wheel for grinding or sanding. End of shaft is threaded to accept 1/4 - 20 screwed disc. Rubber mounted sealed ball bearings and full hinged tops on classic units with removable tops on stainless steel units for easy access for maintenance. Complete with spacers, wheel flanges and shaft nuts. The motor supplied with the motorized version is 1/3 Hp, 115 VAC.
