LS12 SLAB SAW by Lortone

This quiet, fully enclosed, professional quality 12" saw is a real workhorse. The full hinged hood keeps oil mist contained and has a safety "glass" window for viewing. It features a fixed rate of feed of 8" per hour. A large capacity vise holds 4 1/2" high X 7" long rough. The cross feed allows several cuts without repositioning. Saw requires 2 gallons of cutting oil. Complete with MK-303 12" X .062" X 5/8" sintered rim blade and 1/3 Hp. Overload protected motor, 115 VAC. **OIL BASED CUTTING FLUIDS ONLY!!!**

LS18 SLAB SAW By Lortone

This rugged, accurate and economical 18" slab saw has been proven by years of trouble free performance in commercial operations. Convenient free standing design allows it to go next to a work bench. The frame, drive guard and tank are constructed of heavy gauge welded steel for long life. Easy access is provided by the hinged hood making loading and set-up simple. The side window permits monitoring of the cut. Features shutoff switch, threaded cross feed, sealed ball bearings and adjustable feed rate of 9 1/2" to 19 1/4" per hour. A large capacity vise holds 7" high X 7" long rough. The cross feed allows several cuts without repositioning. Saw requires 3 1/2 gallons of cutting oil. Complete with MK-303 18" X .125" X 3/4" sintered rim blade, 1/2 Hp. overload protected ball bearing motor, 115 VAC and 2" drain. **OIL BASED CUTTING FLUIDS ONLY!!!**
